The Vermont

A look at the work done in our district from July 2025 through September 2026.

3RD QUARTER 2025

Keeping our community clean

The East Hollywood BID continues to partner with the Los Angeles Beautification Team to keep our community clean and well maintained. In July 2025 the team collected 605 bags of trash, followed by 690 bags in August and 716 bags in September.

In addition to these ongoing cleanup efforts, the Beautification Team continues to power wash sidewalks each month, including throughout this quarter.

NEW IN THE DISTRICT

1,025 string lights on Vermont Avenue

1,025 permanent string lights have been installed throughout the East Hollywood BID, enhancing the beauty and character of our district. These lights create a warm, welcoming atmosphere, foster a sense of community and provide soft illumination for pedestrians, contributing to a greater sense of safety and comfort along our streets.

Enjoy them along Vermont Avenue:

- Fountain Avenue to Lexington Avenue
- Sunset Boulevard to Fountain Avenue
- Melrose Avenue to Clinton Street

4TH QUARTER 2025

Cleanup crews and clear storm drains

The East Hollywood BID continues its partnership with the Los Angeles Beautification Team to keep our district clean and well maintained. During the fourth quarter of 2025, the team collected 718 bags of trash in October, 756 in November and 834 in December, for a total of 2,308 bags.

In addition to ongoing sidewalk power washing, the team continued clearing storm drains of accumulated debris, helping to keep our streets clean while preventing trash from reaching our oceans. Approximately 60 storm drains were cleared for stormwater runoff over three workdays.

By the Numbers

12,000+

bags of trash collected from July 2025 through September 2026

BAGS BY QUARTER

Jul to Sep 2025	**2,011**
Oct to Dec 2025	**2,308**
Jan to Mar 2026	**2,604**
Apr to Jun 2026	**about 2,350**
Jul to Sep 2026	**2,864**

1,025

permanent string lights installed along Vermont Avenue

60

storm drains cleared, approximately, in the 4th quarter of 2025

1ST QUARTER 2026

A cleaner, more welcoming East Hollywood

Keeping East Hollywood clean and welcoming remains one of the BID's ongoing priorities. Through our continued partnership with the Los Angeles Beautification Team, we collected 921 bags of trash in January, 789 in February and 894 in March, bringing the quarter's total to 2,604 bags, a modest increase over the previous year.

These efforts reflect our continued commitment to maintaining cleaner streets, enhancing the appearance of our district and creating a more pleasant environment for everyone who lives, works, does business in or visits East Hollywood.

2ND QUARTER 2026

Bus stops and weekend vendors

During the second quarter of 2026, approximately 2,350 bags of trash were collected throughout the East Hollywood BID. Through our partnership with the Los Angeles Beautification Team, regular cleaning and power washing remain a top priority, particularly around bus stops and the heavily trafficked areas surrounding the weekend vendors who operate every Saturday and Sunday along Vermont Avenue from Melrose Avenue to Santa Monica Boulevard and beyond. These efforts are essential to keeping the area clean and well maintained for everyone in the district.

3RD QUARTER 2026

A busy summer along Vermont Avenue

During the third quarter of 2026, a total of 2,864 bags of trash were collected throughout the East Hollywood BID, including 818 in July, 1,101 in August and 945 in September. This significant increase over the previous quarter reflects the growing activity and heavy foot traffic throughout our district, particularly along Vermont Avenue.

OUR DISTRICT

A welcoming, vibrant destination

East Hollywood is home to prominent institutions, hospitals and medical centers, educational campuses, religious institutions and shopping centers, as well as hotels, diverse restaurants, entertainment venues and a wide array of other businesses. This vibrant mix of culture, commerce and community activity contributes to the unique character and vitality of our district.

The East Hollywood BID remains committed to supporting our stakeholders, fostering a strong sense of community and enhancing East Hollywood as a welcoming, vibrant destination for businesses, residents and visitors alike.
